

CHARTER SCHOOL CAPITAL SOLUTIONS MEDICAID ENTITLEMENTS

Charter School Capital is proud to be in an exclusive partnership with PCG—the nation’s largest Medicaid billing organization in the education space—to bring you Charter School Medicaid Powered by PCG’s Education Team. This program can help ease the administrative burden to make your school-based Medicaid programs both efficient and most importantly compliant, so you can recover the reimbursements to which you are entitled.

About Charter School Capital

Charter School Capital helps schools access, leverage, and sustain the resources charter schools need to thrive, allowing them to focus on what matters most – educating students.

Since our founding, we’ve provided over \$1.8 billion in funding to more than 600 charter schools across our nation and most importantly, served over 1,000,000 students.

About PCG Education

PCG is the largest Medicaid and IEP vendor in the US, partnering with over 4,200 school districts in various capacities, including 18 of the 25 largest districts. Over 25% of all IEPs nationwide are created in their EDPlan system.

Focusing on compliance through technology, PCG’s highly skilled Education Team has generated more than \$6.2 billion in federal school-based Medicaid reimbursement for their clients.

3 REASONS TO START RECOUPING YOUR COSTS

Because schools are required to deliver services to students with disabilities through IDEA, Medicaid billing provides an opportunity to recoup a portion of the costs schools are required to expend on providing these services. Reimbursements can range from \$130-\$1500 per eligible student/per year, depending on the state.

- 1 Address demand:** More students are requiring health-related services than ever before.
 - Speech Therapy
 - Counseling Services
 - Occupational Therapy
 - Physical Therapy
 - Nursing Services
- 2 Meet staffing needs:** Current staffing may or may not be able to keep up with the increases in demand.
- 3 Cover Costs:** Schools reporting the intensity of services has increased, causing an increase in costs.
